

MS in Biomedical Sciences - Programmatic Assessment AY 2021-2022

Learning Outcome/ Competency	Methods of Assessment	Responsible for Assessment	Reporting Schedule	Outcome Data Analysis	Outcome Actions Taken	Follow-up on Previous Outcome Actions Taken
85% of students will complete the program and graduate	Evidence of graduation from program	Program	Summer of 2022	68% graduated and have transcript evidence to academically enhance future professional applications	We had several students that WD because they had acceptances at other medical schools and decided not to finish the program (more than usual). However, this is our top priority for next AY. Have met with Academic Support to enhance and alter our tutoring program and other efforts.	Continued to monitor
100% of students who graduate will earn a post-baccalaureate certificate	Evidence of certificate completion with minimum B average	Program	Summer of 2022	100% earned a certificate to enhance future professional applications and job opportunities	Continue to monitor	Continued to monitor
50% of students will report engaging in campus and community opportunities	Two data points: collected from students in Spring for Activity update and Year-end Evaluation.	Program	Summer of 2020	Over 90% of students submitted activity updates reflecting community service or other service. Over 50% responded in year-end survey that they were actively involved in a student organization/activity. 93% of them report it had a positive impact on experience.	Continue to monitor	Continued to monitor
Graduates of the program will matriculate to CMS at a rate that meets or exceeds the minimum historic average of 60%.	Data provided by admissions	Program	Summer of 2022	50 graduates applied to CMS 29 (58%) received acceptances to CMS.	This is the first time we dipped below our goal. We are re-vamping our interview preparation in partnership with the Assoc Dean for Admissions for CMS, and are also enhancing our tutoring efforts. This will be a major focus for the next year and involve other planning efforts.	Continued to monitor
10% of graduates will report achieving acceptance to other professional programs	Data collected from students	Program	Summer of 2022	1 graduate Scholl; 1 graduate to the PA Program. 5 other graduates are attending other programs as well.	Better tracking of non RFU program success is needed	Continued to focus on parallel planning
Students will have enhanced skills related to student success (Study Strategies, Interviewing, etc)	Year-end Evaluation	Program	Summer of 2022	On the Year End Evaluation, all aspects related to Faculty Advising, Interview Prep and other areas are overwhelmingly positive. All students engaged in the Academic Enhancement classes and course evals were positive as well.	Continued refinement of advising structure and support structure.	Continued to monitor.
