*Dear Students,*

*Our top priority at Rosalind Franklin University is the health and well-being of our students, faculty, staff and community. We recognize the impact that the COVID-19 pandemic has had on our communities. The university has secured federal funding through the Federal Coronavirus Aid, Relief and Economic Security (CARES Act) designated to provide direct support to our students. We would like to provide support to as many RFU students as possible during this challenging time. Our records indicate that you are enrolled in courses at RFU for the Spring 2020 quarter and are eligible for funding consideration.*

*If you have been negatively impacted by COVID-19 due to loss of income, interruption of services, healthcare or other COVID-19 related challenges, the university would like to provide financial support as we are able. Unfortunately, it may not be possible to provide full support to all requests. Please know, RFU has worked to provide a guiding framework for allocation of funds and your completion of the request form in its entirety is required for assessment and allocation.*

*Please complete the [COVID-19 Student Impact Request Form](#). Requests will be reviewed and allocated on a rolling basis. Requests will be reviewed based on level of impact, level of funding available and generally awarded on a first come first served basis with sensitivity that all impact is not felt at the same time during this crisis. Communication related to support will be emailed to your RFU student email. Please be advised some requestors may be asked to submit additional information to facilitate assessment.*
