Dean, Chicago Medical School
Vice President for Medical Affairs, RFUMS

Dear Applicant,

Good morning and welcome to the Chicago Medical School at Rosalind Franklin University of Medicine and Science! We appreciate your interest and are excited to have you experience the extraordinary opportunities of a Chicago Medical School education.

Chicago Medical School is a progressive school focused around the care of patients and founded upon an interprofessional team approach that is designed to prepare you for the dynamic changes of the new health care paradigm. Unique opportunities await as you learn with students in other healthcare professions here at the University. With a broader perspective from the many aspects of the health care team, you will be able to better guide the care of your future patients. With our redesigned curriculum that provides early opportunities for clinical experience in the community, we are building the knowledge and skills to accelerate your professional development.

Our strong partnerships with hospitals and health systems provide an unparalleled clinical experience in quality and diversity to equip you to practice wherever you may choose. Our affiliate partners have an astonishing array of clinical populations and an outstanding faculty to guide your development as you learn.

At Chicago Medical School, students also have the benefit of engaging with world class researchers that can shape the future of healthcare. Opportunities for community and clinical based research including those dedicated to the care of underserved populations, are available through many of our dedicated partners.

We are excited to learn more about you and at the prospect of having you join us for the class of 2026!

Sincerely,

Archana Chatterjee, MD, PhD
